

Suggestions for cross curricular topic work on a KS2 visit to No.1 Royal Crescent

ICT

Create a timeline of Bath/Georgian history (see the 'Supporting Resources for your visit' section for an example).

ART & DESIGN

Sketch No.1 and the Crescent. Create 3D models of the house or rooms in the house. (Column, door and window outlines coming soon in the 'Supporting Resources for your visit' section.)

SCIENCE

How was No.1 built? What technology did the builders have? What technology is there today? Compare the facilities of No.1 to a modern day house - How was it powered, lit, heated and cleaned?

GEOGRAPHY

Find No.1 and other landmarks on a map of Bath including your home and school if possible. Compare and discuss photos of No.1 and modern buildings - what is the same/different? (Maps and photos are coming soon in the 'Supporting Resources for your visit' section.)

LOCAL HISTORY STUDY

ENGLISH

Research a history of No.1 from 1776 to present day. Argue why you think No.1 is/is not an important building. Find out about Mr Sandford and write a fictional account of a day in his life at No.1. Create your own guidebook to a room at No.1.
