Steeped in history

Arriving into Bath by train, visitors are struck by the immediate aesthetic of the city: the rippling sea of golden stone, the meandering tree-lined river and the vibrant green countryside framing the rooftops. Its beauty is unparalleled, providing views at every turn and the perfect setting for unforgettable events.

Bath is the only entire city in the country to have been designated World Heritage Site status by UNESCO, an inscription which demarks "outstanding universal value to the whole of humanity". Its famous hot springs, Roman remains and 18th century architecture are just a few of the reasons people flock to this special city. Whilst packed with history, culture and various attractions, Bath is relatively compact in size, with the countryside reachable in a 20-minute walk from the centre!

Read on to learn about our available event spaces here in Bath.
